

2024 WIT Creative Technology Competition

- Creative Invention Contest -

I Purpose

- Develop creative inventions through innovative ideas and technology to promote the advancement of cutting-edge technologies.
- Enhance participants' creativity and invention skills through problem-solving and practical application.
- Understand the importance of teamwork and collaboration by comparing and learning from various inventions through competition and cooperation.

II Schedule

Category	Date	Details
Competition Overview	2024. 8. 21. (Wed)	• wit-world.org
Application Submission	2024. 8. 21. (Wed) ~ 2024. 9. 25. (Wed)	• Submitting Applications and Proposals • forms.gle/QpNZkimL7ypVtJbN8 • wit202411@gmail.com
Preliminary examination	2024. 9. 25. (Wed) ~ 2024. 10. 02. (Wed)	• The submitted proposals are initially reviewed.
Submission of Inventions	2024. 10. 02. (Wed) ~ 2024. 10. 30. (Wed)	• Invention description, video of the production process, And the final product photo or mockup • wit202411@gmail.com
Duration of the contest	2024. 11. 2. (Sat) ~ 2024. 11. 3. (Sun)	• Invention examination in progress
Awards Ceremony	2024. 11. 3. (Sun)	• Ceremony for awarding the selected winning teams

III Application Method and Details

- Applications are accepted through an online platform.
- Required information such as participants' personal data, age, and experience level will be collected.
- For further inquiries, please contact wit202411@gmail.com

IV Team composition

- Maximum number of participants: 4 members per team
- Grade: Junior club (10-13 years old), Senior club (14-19 years old)

V Competition Format

- Required Submissions: Invention description, video of the manufacturing process, and photos or models of the final product.
 - Invention Description (PDF or DOC file)
 - Production Process Video (MP4 file or link)
 - Final product photo or mockup (JPG, PNG file or mockup photo)
- Time limit: A period of **6 hours** is provided from the submission of proposals to the final submission of the invention.
- Submissions should be sent to wit202411@gmail.com

VI Awards

Prize	Number of Teams	Kinds	Participants
Grand prize	1 teams	Award certificate	Team selected by the jury
Gold prize	2 teams	Award certificate	Team selected by the jury
Silver prize	3 teams	Award certificate	Team selected by the jury
Bronze prize	5 teams	Award certificate	Team selected by the jury
Participation prize	8 team	Award certificate	Team selected by the jury

VII

Evaluation Criteria

- Creativity (25 points)
 - Evaluate the originality, novelty and creative approach of the idea
- Problem Solving Skills (25 points)
 - Evaluate how effectively you solve the problem presented and how your ideas can be applied to real-world problems.
- Technical feasibility (20 points)
 - Evaluate the presenter's communication skills to see if they can convey their ideas clearly and persuasively.
- Presentation and communication skills (15 points)
 - Evaluate the presenter's communication skills to see if they can convey their ideas clearly and persuasively.
- Social Impact and Sustainability (15 points)
 - -Evaluate whether the idea has a positive social impact and is environmentally sustainable.
